

Statement

I, _____ [name of nominated Authorised Representative], representing _____ [name of account holder], which is an aircraft operator in the meaning of the ETS Directive¹ declare that the details I provided in the application process for an account in the Icelandic part of the Union Registry and supporting documents are complete, up to date, accurate and true. I confirm that I have read the Terms of Use of the Icelandic Emissions Trading Registry in the Union Registry and agree to them and am aware of the legislations governing the operation of the Union Registry.

I further declare that _____ [name of the account holder] will comply with the requirements of Directive 2003/87/EC as amended and measures adopted for its implementation. These requirements include, in particular, those related to compliance such as the monitoring and provision of verified reports on emissions from aviation activities listed in Annex I to the Directive operated for each calendar year and the surrendering by 30 April each year of a number of allowances or international credits equal to the total emissions during the preceding calendar year from aviation activities listed in Annex I to the Directive. In the event that any measures are proposed pursuant to Article 25a of the Directive, allowances allocated in respect of activities addressed by such measures shall not be transferred and shall be returned to the competent authority following adoption of the measures.
